

26th July 2010

Dear Parents/Caregivers,

WORLD OF MATHS ROADSHOW

Numeracy is an important component of our curriculum. To make numeracy fun and relevant to our students, we have arranged for the World of Maths Roadshow to visit our school. The World of Maths Roadshow is an ideal opportunity for students to see how maths is applied to some real life situations.

More importantly, students will be engaged in hands-on activities that will cater for all ability levels and probe their problem solving skills. It is a highly engaging session which will show the children that Maths can be fun!

The sessions, booked for **Thursday 12th August**, will be split into year groups. As each group needs to have between 50 – 70 students, the session time allocated to your child's group will be done as soon as numbers are confirmed. As soon as this is done you will receive a schedule. If you would like to attend and enjoy the activities with your child, you are most welcome.

It will cost \$4.50 per child. If you would like your child to attend, **please send the money and the permission slip to the office by Friday 6th August.**

If you would like more information on the Maths Road Show you can visit their website: www.worldofmaths.com/

Thank you,

Belinda Postma

WORLD OF MATHS ROADSHOW
